Dear Consultants:

This is an updated list of authorized persons, please make the changes shown for future submittals. On the back of this letter is a copy of the Plan Receipt Form to be used in conjunction with any private improvements in City of Tucson Rights-of-way. Improvement plans will not be recommended for approval until after I have received copies of the completed forms showing all the utilities have received the plan. It will be up to the consultant of the project to make sure I get all the forms. The following list is of the utilities that wish to be involved in this process:

City of Tucson
Transportation Department,
Streets Division

* When the above two utilities are not involved, I want a form filled out with the "RECEIVED BY:" line stating "not needed".

The reason behind these forms is that a number of utilities have complained that many jobs are under construction before they have been aware of them. My involvement will only be to make sure that utilities are aware of the plans. If you have any questions, please call me at 791-5100.

Sincerely,

Steve Tineo, P.E.
